Tolerance is an important value that creates an open and inclusive society.

It is the ability to respect and accept differences among people, whether it's their religion, culture, language, race, or sexual orientation.

Fundamental prerequisite for peaceful coexistence and prevents conflicts and discrimination.

Youth Exchange

Youth exchanges allow groups of young people from different countries to meet, live together and work on shared projects for short periods.

Youth exchanges take place outside the school environment. On a youth exchange, you can expect to participate in activities such as workshops, exercises, debates, role-plays, outdoor activities and more.

Participants' learning experiences are recognised through a Youthpass.

Is a unique opportunity for students and teachers to gain education and experience in other countries. Developing intercultural communication and understanding, leading to strengthened tolerance.

Students have the chance to meet peers from different countries and learn about their culture, language, and traditions.
